

The 2026 Toys for Tots campaign is upon us. Toy collection boxes will be available starting September 25 to place your donation.

The local campaign has an extreme need for toys for children ages 8-13. Ideas include Legos, fishing poles/tackle, skateboards w/helmets, board games (aimed at older children), Barbie accessories, science kits, make-up kits, craft kits, remote control cars/drones/planes, basketballs/footballs/soccer balls/volleyballs, baseball gloves/bats, Nerf guns, table top games, pickle ball sets, bikes w/helmets, just to name a few. Also, the campaign is always in need of batteries.

If you need more ideas or have questions, please email
